

## AQUASHEEN PREP 'N CLEAN Application Instructions

### PRODUCT DESCRIPTION

**AQUASHEEN PREP 'N CLEAN** is recommended to be used as a descaler / degreaser to neutralize the acidic substrate after an acid wash.

In simple terms it removes body fats and suntan lotion ultimately prepping the surface ready for paint.

**COVERAGE RATE:** approx. 120m<sup>2</sup>

### SAFETY INFORMATION

Please note: A full set of Safety Data Sheets are available on request from [sales@aquasheen.com.au](mailto:sales@aquasheen.com.au)

**STRONGLY ALKALINE:** Avoid contact with skin and eyes.

**EYES/HANDS/FEET PROTECTION:** Wear protective gloves/eye protection/face protection.

**IF SWALLOWED:** do not induce vomiting. If in eyes, hold eyelids apart and flush the eye continuously with running water. Continue flushing until advised to stop by the Poisons Information Centre or doctor, or for at least 15 minutes.

**CONTACT WITH SKIN:** Remove immediately all contaminated clothing. Rinse skin with water or shower. Wash contaminated clothing before reuse.

**IN CONTACT WITH EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention promptly.

**IF INHALED:** Remove to fresh air and keep at rest in a comfortable position.

## DIRECTIONS FOR USE

This concentrate solution is formulated for hose end application with spray nozzle included. Once attached to your garden hose the product will be diluted with water as sprayed. If the hose end is not used please dilute with 1:5 ratio of water before application.

**STEP 1:** Shake contents well and remove pin from top spray nozzle.

**STEP 2:** Attach garden hose to connector and open tap to low-medium pressure or until desired spray is achieved. Product will be drawn out of the bottle while spraying, if not check the tap pressure and adjust the flow of water to medium high.

**STEP 3:** DO NOT ALLOW PRODUCT TO DRY ON SURFACE. You may brush the surface with a stiff broom to work the product through, allowing a better spread rate.

**STEP 4:** Rinse off thoroughly by continuing to spray and diluting the solution whilst draining the water from the pool.

**STEP 5:** To simply continue washing the surface without product, clip the stopper back onto the lid to stop more product from exiting the container.
